

LARIMER COUNTY MEDICAL SOCIETY

Brings Prescription Savings at No Cost to You...

Patients without prescription drug coverage are eligible for special discounts off their prescriptions through the

Physician's Rx Care Discount Drug Program

The program is not an insurance plan, nor is it a substitute for insurance. Rather, using the card is a means for cash paying patients to receive a discounted rate on prescription medications.

How do I get started?

Activation is simple – simply take this discount card, along with the written prescription from your physician to one of thousands of participating pharmacies.

What pharmacies participate in this program?

A short list of participating pharmacies can be found on the back of the card at the bottom of this form. You can also visit www.physiciansrxcare.com to locate a pharmacy that is closest to you. If you would prefer to speak to a representative, you may also call us at **1.866.652.4325**.

What medications are discounted through this program?

Thousands of medications, both brand name and generic, are available for special discount, along with several over-the-counter products, including Nicoderm, NicodermCQ, Nicorette and diabetic supplies.

What type of discount can I expect to receive when I use my Physician's Rx Care card? Discounts average **15%** for brand name drugs and **46%** for generics.

How much does it cost to participate in this program?

Nothing! There is **no enrollment fee**.

Are there other health products and services available for discount?

Other discounted products and services are available with your Physician's Rx Care discount card. They include:

- 25% savings on vision products from JCPenney Optical Center.
- Up to 15% savings on hearing products and services from Beltone.
- 10% off iCare health monitoring devices and monthly service fees, plus 1st month FREE for health monitoring services.
- Up to 70% savings on laboratory tests and imaging/diagnostics from AME.
- 10% discount plus annual fee waived for Envita's chronic disease supportive care supplements.

You can follow the instructions on the back of the Physician's Rx Care card below to access these discounted products and services.

You are ready to use your card!

To receive discounts on your prescriptions:

- Cut out the card below.
- Enter your patient ID #, which is your initials and the last 4 digits of your phone number.
- Print your name clearly.
- Present the card, along with your prescription, to a participating pharmacy.
